

# **ANTI-VATA DIETETICS (Correct Food for Vata Dosha):**

### "Food is Medicine and Medicine is Food"

The primary consideration in Ayurveda when selecting food and herbs is in recognising taste. There are six tastes; three of which reduce a Dosha, and three of which increase that same Dosha. Tastes that increase Vata are astringent, bitter, and pungent. Tastes that reduce Vata are sweet, sour, and salty. Eat herbs and food that contain more of these three tastes. Food items on the list below have been pre-selected with this primary consideration in mind. Please make sure you select food items from the list. What is not on the list you should avoid eating.

Ideal cooking styles for Vata people include Western, Indian (mild), Chinese (Mild), Italian pastas etc. Warm soups and stews are particularly supportive. Limit or avoid eating raw foods particularly vegetables of the cabbage family.

Vata people should take food that is warm, moderately heavy, moist, soothing, and nourishing. Meals should not be consumed when anxious, stressed, or depressed. Remember the golden rules in regard to food; **eat only when hungry; eat small meals; eat your last meal at least four hours before bedtime; and eat food chosen from the food list**. Food should be tasty and enjoyable, eaten without rushing, and in pleasant and comfortable surroundings. If you are hungry before bed then take suitable fruits only.

| FRUITS                      | VEGETABLES                             | GRAINS and LEGUMES    |
|-----------------------------|--|-----------------------|
| Generally most sweet fruits | In general vegetables should be cooked | Legumes in moderation |
| Generally most sweet fraits | In general vegetables should be cooked | Legunes in moderation |
| Apples                      | Asparagus                              | Aduki Beans           |
| Applesauce                  | Beets                                  | Amaranth              |
| Apricots                    | Cabbage (cooked)*                      | Black Lentils         |
| Avocados                    | Carrots                                | Durham flour          |
| Bananas                     | Cauliflower*                           | Lentils* (red)        |
| Berries                     | Cilantro/Coriander                     | Mung beans            |
| Cherries                    | Cucumber                               | Mung dal              |
| Coconut                     | Daikon radish*                         | Oats                  |
| Dates (fresh)               | Fennel (anise)                         | Oats (cooked)         |
| Durian* (seasonal)          | Garlic                                 | Pancakes              |
| Figs (fresh)                | Green beans                            | Quinoa                |
| Grapefruit                  | Green chillies                         | Rice (all kinds)      |
| Grapes                      | Jerusalem artichoke*                   | Seitan (wheat meat)   |
| Guava*                      | Leafy greens*                          | Soya cheese*          |
| Kiwifruit                   | Leeks                                  | Soya milk*            |
| Lemons                      | Lettuce*                               | Soya sausage*         |
| Limes                       | Mustard greens*                        | Sprouted wheat bread  |
| Longan* (seasonal)          | Okra                                   | Tofu*                 |
| Lychees*                    | Olives (black)                         | Turdal                |
| Mangoes                     | Onions (cooked)*                       | Urud dal              |
| Melons (sweet)              | Parsley*                               | Wheat                 |
| Oranges                     | Parsnip                                |                       |
| Papaya                      | Peas (cooked)                          |                       |
| Peaches                     | Potatoes (sweet)                       |                       |
| Pineapple                   | Pumpkin                                |                       |
| Plums                       | Radishes (cooked)*                     |                       |
| Prunes (cooked)             | Rutabaga                               |                       |
| Raisins (soaked)            | Spaghetti squash                       |                       |
| Rambutan (seasonal)         | Spinach (cooked)*                      |                       |
| Rhubarb                     | Sprouts*                               |                       |
| Strawberries                | Squash summer and winter               |                       |
|                             | Taro root                              |                       |
|                             | Turnip greens*                         |                       |
|                             | Watercress                             |                       |
|                             | Zucchini                               |                       |
|                             |  |                       |

#### DAIRY

Butter Buttermilk Cheese (hard)\* Cheese (soft) Cottage cheese Cows milk Ghee Goats cheese Goats milk Ice cream\* Sour cream \* Yoghurt (diluted and spiced)\*

#### ANIMAL FOOD

Chicken (dark) Chicken (white)\* Duck Eggs Fish - freshwater or sea Lamb (as broth) Salmon Sardines Seafood Shrimps Tunafish Turkey (dark)

## NUTS

In moderation

Almonds Black walnuts Brazil nuts Cashews Charole Coconut Filberts Hazelnuts Macadamia nuts Peanuts Peanuts Pine nuts Pistachios Walnuts

#### CONDIMENTS

Black pepper Chutney (mango) - sweet or spicy Chilli peppers\* Coriander leaves Dulse Gomasio Hijiki Kelp Ketchup Kombu Lemon Lime Lime pickle Mango pickle Mayonnaise Mustard Pickles Salt Scallions Seaweed Soy sauce Sprouts\* Tamari Vinegar
